Hi Lucita,

You mentioned that it might be helpful if I went through some of the recent filings in the NRC case. Would maybe having a bullet list summary of the key arguments made by NRC, Powertech, etc. in their most recent filings be most helpful? And maybe I could focus on NEPA only (or maybe you'd want to see the related arguments for NHPA)? Or maybe you had something else in mind? Let me know what'd be most helpful for you!

Mai
